Great Plains Communications welcomes Crystal Koehn to the position of Enterprise Sales Representative

Blair, Nebraska, August 23, 2018 - (Blair, Ne.) - Great Plains Communications, the largest independent telecommunications provider in the state of Nebraska is pleased to announce the addition of Crystal Koehn to their Enterprise Sales team. Crystal will be working with current and potential customers in the Omaha, Nebraska area, proposing technology solutions including high-speed Internet, managed Ethernet, and traditional and cloud-based voice service, all driven by the company's 9,500+ mile fiber network. Ms. Koehn will report to Jeff Mason, Enterprise Sales Manager.

Todd Foje, CEO of Great Plains Communications stated the following. "We're pleased to have Crystal on board, and feel she is a great addition to our team. Her experience with creating and nurturing strong customer relationships will be a valuable asset to Great Plains Communications as we continue to grow our business in the Omaha Metro area."

Ms. Koehn has over eight years of experience in the Technology industry, working with large enterprise customers in Nebraska and Wyoming. She specializes in relationship management on both a national and global level with recognized success in the Government market. Prior to joining Great Plains Communications, she exceeded sales goals and was consistently recognized as a top performer for a national telecommunications provider and a major wireless provider. Crystal graduated from the University of Wyoming with a Bachelor of Arts degree in Communications.

Ms. Koehn had this to say. "I'm excited to offer the exceptional suite of services that Great Plains Communications has to offer in the Omaha market, expand on existing relationships, and forge new ones. It is an honor to work for a company that is rooted in Nebraska with over a century of experience. Great Plains Communications is relationship and customer-centered which makes the sales arena a fun and exciting place to be."

About Great Plains Communications

Great Plains Communications is the largest privately-owned telecommunications provider in Nebraska. The company provides over 90 communities across the state with high-speed Internet, cable television, and voice services. Business solutions range from traditional and cloud based voice and data products to installation and support of large business networks with scalable Internet and Ethernet solutions.

At the core of their service offering is an extensive 9,500-mile regional fiber network including over 300 fiber miles in the Omaha Metro area. The network offers community access rings, last-mile, and middle-mile solutions, fully supported by their 24x7x365 Network Operations Center. The company is financially strong with over a century of experience providing reliable and innovative solutions. For more information visit www.gpcom.com.
